ALPEXPO / GRENOBLE

LE SENS DE LA TECH

EDITO

tech&fest is **the crossroads for solutions and convictions** to the challenges of our century.

Here, the worlds of **research**, **education** and **business** come together to imagine a desirable future.

Decision-makers, managers, innovators: join a resolutely **optimistic community**, committed to the **major strategic issues of tomorrow**.

Together, let's make scientific progress and innovation levers of transformation.

Welcome to tech&fest!

GRENOBLE, A STRATEGIC CROSSROADS

tech&fest is a destination event. It has established itself in the international events calendar between and CES in Las Vegas, Mobile World Congress in Barcelona and SXSW in Austin.

Grenoble, a city of pioneers, is one of the most innovative cities in Europe.

Organizing tech&fest there is an obvious choice!

- **2nd CITY IN FRANCE IN NUMBER OF PATENT FILINGS**
- **7th WORLD CITY in DEEPTECH** (dealroom 2055 Density Leaders ranking)
- **AT THE HEART OF FRANCE'S 1ST INDUSTRIAL REGION: 11% of national GDP and 12% of jobs**

AND THE REGION'S UNIVERSITY/RESEARCH/BUSINESS TRIPTYCH

A CONVERSATIONAL EVENT

Spaces where you can exchange, share and debate, alone or with others, in front of an audience that is always responsive and curious to discover the latest trends. Whether it's technology, AI, medicine, health or human evolution...

MAIN STAGE

Inspiration from over 200 speakers every year

PARCOURS C-LEVEL

A dedicated stage, time for exchanges and meetings on business issues facing HRDs, DIRCOMs, CFOs and CIOs.

AGORAS

Masterclasses, roundtables, startup pitches to discuss the best in tech

TV ET PODCAST

The most influential leaders speak out and are relayed on our media.

MULTIPLE NETWORKING OPPORTUNITIES

tech&fest is the place to be!

LOOKING AHEAD TO 2026

SOVEREIGNTY!

In 2026, our festival will place sovereignty at the heart of its reflections. Experts, exhibitors and opinion leaders will come together to explore and rethink our economic, industrial, energy and digital independence.

Join us to build innovative, inspiring and concrete solutions to tomorrow's key challenges.

2026 AMBITIONS

REINVENTING OUR FUTURE

The issue of sovereignty dominates, and will drive our work.

REVITALIZING TECH

Giving us the strength and energy to face tomorrow's challenges

REVOLUTIONIZING RESEARCH

Putting the spotlight on the deeptech that will profoundly change our world

RAYING INNOVATION

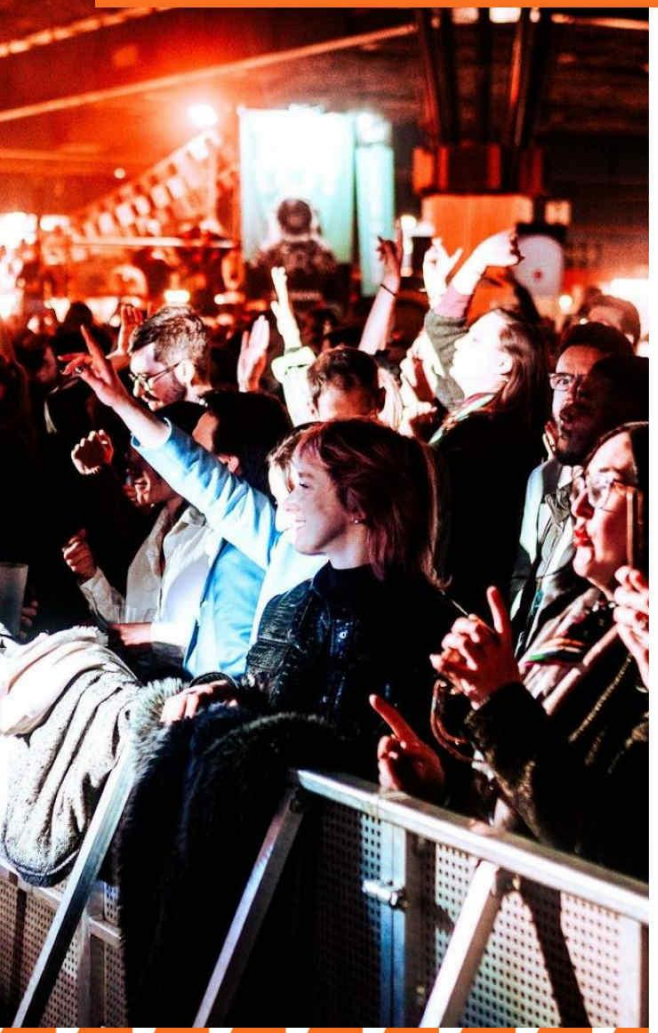
Celebrating, together, the best in European disruptive technology

NOURISH YOUR NETWORK

Develop the tech&fest community for collective growth

THE EXPERIENCE

Co-constructing a desirable future where technological progress goes hand in hand with the living and the human.



tech&planet

Energy, mobility & environment, energy & ecological transition, CSR & ESG, city organization

tech&human

Health & work, medtech, attracting and retaining talent, employer brand, QWL

tech&solutions

Performance & growth, digital transformation, customer experience innovation, data & cybersecurity, software, support

tech&fab

Industry, future & space, defense, industry 4.0, robotics, microelectronics

FOCUS Healthtech

Medicalps

A true hub where medical innovation comes to life.

Here, Healthtech meets its customers, partners, and investors, covering a wide range of topics: data, security, compliance, robotics, surgical AI, connected devices, and more, with a focus 100% HealthTech.

- ✦ **VILLAGE MedTech**
- ✦ **1/ 2 day "Spécial Healthtech" - Dedicated Agora**
- ✦ **Exclusive Conferences / Speakers & panel of experts**
- ✦ **Prospective Zone highlighting the latest innovations in the sector**
- ✦ **Integration into the tech&fest community with over 50 partners Healthtech (CNRS, France Biotech, AG2R La Mondiale, Stryker, BD, Biomérieux, Wandercraft...)**

They are part of the community !
